REPUBLIC OF SOUTH AFRICA

Hello! It's me your girl, **Vee**.
We are **GenV: Generation Vaccination**.

We are the rise of a
COVID-19 free generation!

We are spreading real chats, big facts
and no cap about the **COVID-19 vaccine**.

We are all about getting the people we
love registered, and getting ready to
register when it's our turn. Let Vee and
the squad put you on!
